Check the box(es) for the appropriate battery type(s)

Lithium **ION** batteries in compliance with Section II of PI _____

Lithium **METAL** batteries in compliance with Section II of PI _____

State the appropriate Packing Instruction # of the selected battery type(s)

- This package does not contain any recalled and / or defective cells and / or batteries.
- This package must be handled with care. A flammability hazard exists if the package is damaged.
- Special procedures must be followed in the event the package is damaged, to include inspection and repacking if necessary.

Special Procedures:

Specify the special procedures to be followed when the package is damaged. If the consignment (even under the same MAWB / HAWB) contains batteries with different special procedures and contacts for additional information, please use separate forms.

• Telephone Number for Additional Information: _____
(Country Code)

Provide the phone number of the person who is knowledgeable about the batteries
